

Residential Electrical Permits

Applications

In order to issue an electrical permit, the applicant must submit:

- Completed permit application
- Method of payment

For electrical installations with a value over \$25, 000.00 two sets of electrical drawings must be submitted with the permit application.

Eligibility

- For a single-family dwelling, the applicant may be the owner and occupant of the property, or may be a contractor who holds a Master Electrician Certificate. Service must be 200 amps or less for a home-owner permit. This is the person to whom the permit is issued.

Typical Site Inspections Stages

Rough-in: prior to drywall, all wire and boxes installed and visible, main service installed, bonding and grounding complete

Final: prior to occupancy, all load devices and switches installed and operational, smoke detectors installed, panel labeled.

We request that you provide our office with 48 hours notice to arrange for the necessary inspections. Please contact your Local office listed below.
